An illustration of a laboratory. A bed is raised on a blue hydraulic lift. A grey robot with a long arm is positioned on the floor. In the background, a window shows five children in lab coats watching. The scene is brightly lit with yellow floor markings and a fire extinguisher on the wall.

At the Goodnight Laboratory we take the
Monsters Under the Bed problem very seriously.
How seriously?

STEP 4:

Check to make sure your house has lots of soap.

It does?

You are in luck! Our research shows that 99% of smelly monsters hate houses with soap in them. Nothing ruins a monster's day more than falling into a big, **SOAPY**, bubble bath.

STEP 9:

**Never worry about monsters shaped like doughnuts.
They are more worried YOU will eat THEM.**
