

Every night, when the sky is clear,  
it's filled with twinkling stars.  
But did you know that it's full of pictures, too?

If you draw lines between some of the  
brightest stars, you can find animals ...

PHAIDON

Like me! I have two pointy ears, and I like to hop!

\* Can you guess what animal I am? \*

Every night, when the sky is clear,  
it's filled with twinkling stars.  
But did you know that it's full of pictures, too?

If you draw lines between some of the  
brightest stars, you can find animals ...

\* I'm a rabbit! \*

Pictures made from stars  
are called constellations.  
And there are lots  
of them to discover.

\* Let's find more animals in the sky! \*

**I have thick, shiny fur,  
and large, padded feet.  
In the winter, I like to take  
a long sleep in my warm den.**

**PHALDON**

**\* What animal in the sky am I? \***

I have thick, shiny fur,  
and large, padded feet.  
In the winter, I like to take  
a long sleep in my warm den.

\* I am the Big Bear! \*

The stars near  
my bottom make  
a famous spoon  
shape called  
the Big Dipper  
or the Plough.

\* Here I am in the sky. \*

**I have a big, bushy mane,  
a long tail, and a loud roar.  
I am the king of the jungle!**

**PHALDON**

**\* What animal in the sky am I? \***

I have a big, bushy mane,  
a long tail, and a loud roar.  
I am the king of the jungle!

\* I am the Lion! \*

My brightest star is  
called Regulus, which  
means "little king."

\* Here I am in the sky. \*

Every night the sky is filled with stars.  
But did you know that it's full of pictures, too?

Look at the star shapes and guess the animals.  
A perfect introduction to constellations for young stargazers!
