

1

aeroplane takes off,

130

air passengers climb aboard,

1

aeroplane lands,

1,500

kilograms of beef are devoured,

8,000

scoops of ice cream are eaten,

That's 410 litres.

100

kilograms of cocoa
are made into chocolate,

2,050

chicks hatch from their eggs,

7,000 litres of milk are taken from cows,
