# WELCOME ABOARD

## Captain Spaceington

Captain Spaceington dreams of being the bravest ever captain, but somehow, whenever a mission comes along, things never quite go to plan.

## Science Officer PLIXX

She may not know the difference between a proton and a neutron, but she's always happy to whack them both with a hammer and hope for the best.

## Robot One

The most advanced robot ever created, with a computer ten million times more powerful than the blob of grey goo we call a brain. (Or at least that is what he likes to tell everybody.)

## Pilot

# THE STAR CAT

... it's a ship bold enough to explore the mysteries of the universe, half-cat and half-spaceship, it's known as ...

# STAR CAT

And on board the Star Cat ...

... we find the only space-farer courageous enough to command this craft ...
