

The
FEARS
You Fear

RACHEL ROONEY ZEHRA HICKS

You might meet a Fear
in a circus ring...

a fair...

or swimming pool.

It might say *Hi* when you wave goodbye
on your very first day at school.

Maybe it's found
at parties...

BOOO!

A Fear can be quite helpful if it warns of danger ahead.

Plugs and wires...

very hot fires...

sharp knives slicing bread.

A Fear can live in a storybook.

It can be something real.

Whatever your Fear, it's sure to be a feeling that you feel.

A Fear will give you the shivers.
A Fear will make you shake.
You'll get goosebumps.
Your heart thump-thumps.
It keeps you wide awake.
