# Luna Loves Christmas

Fiona Lumbers

Luna Loves Christmas.  
Sometimes at Mum's,  
sometimes at Dad's.

She gets to . . .  
decorate two Christmas trees,  
open two advent  
calendars

and enjoy two Christmas dinners.

But this Christmas Eve Luna's family  
are doing something different.

They are volunteering.  
Mum runs through the  
schedule with Luna.

Luna knows exactly what they are doing when.

When she'll be seeing  
Dad and the family,

when they'll be  
playing in the snow,

when they'll be having  
Christmas surprises.

Luna can't wait.

Luna and Mum start by making deliveries for the food bank.  
They arrive at the first house.  
Luna's hands are a little bit cold,  
but she doesn't mind – there is snow all around.

They take a box to the McKenzies'.  
The McKenzies' dog bounds through the snow.
