# Litterbug Doug!

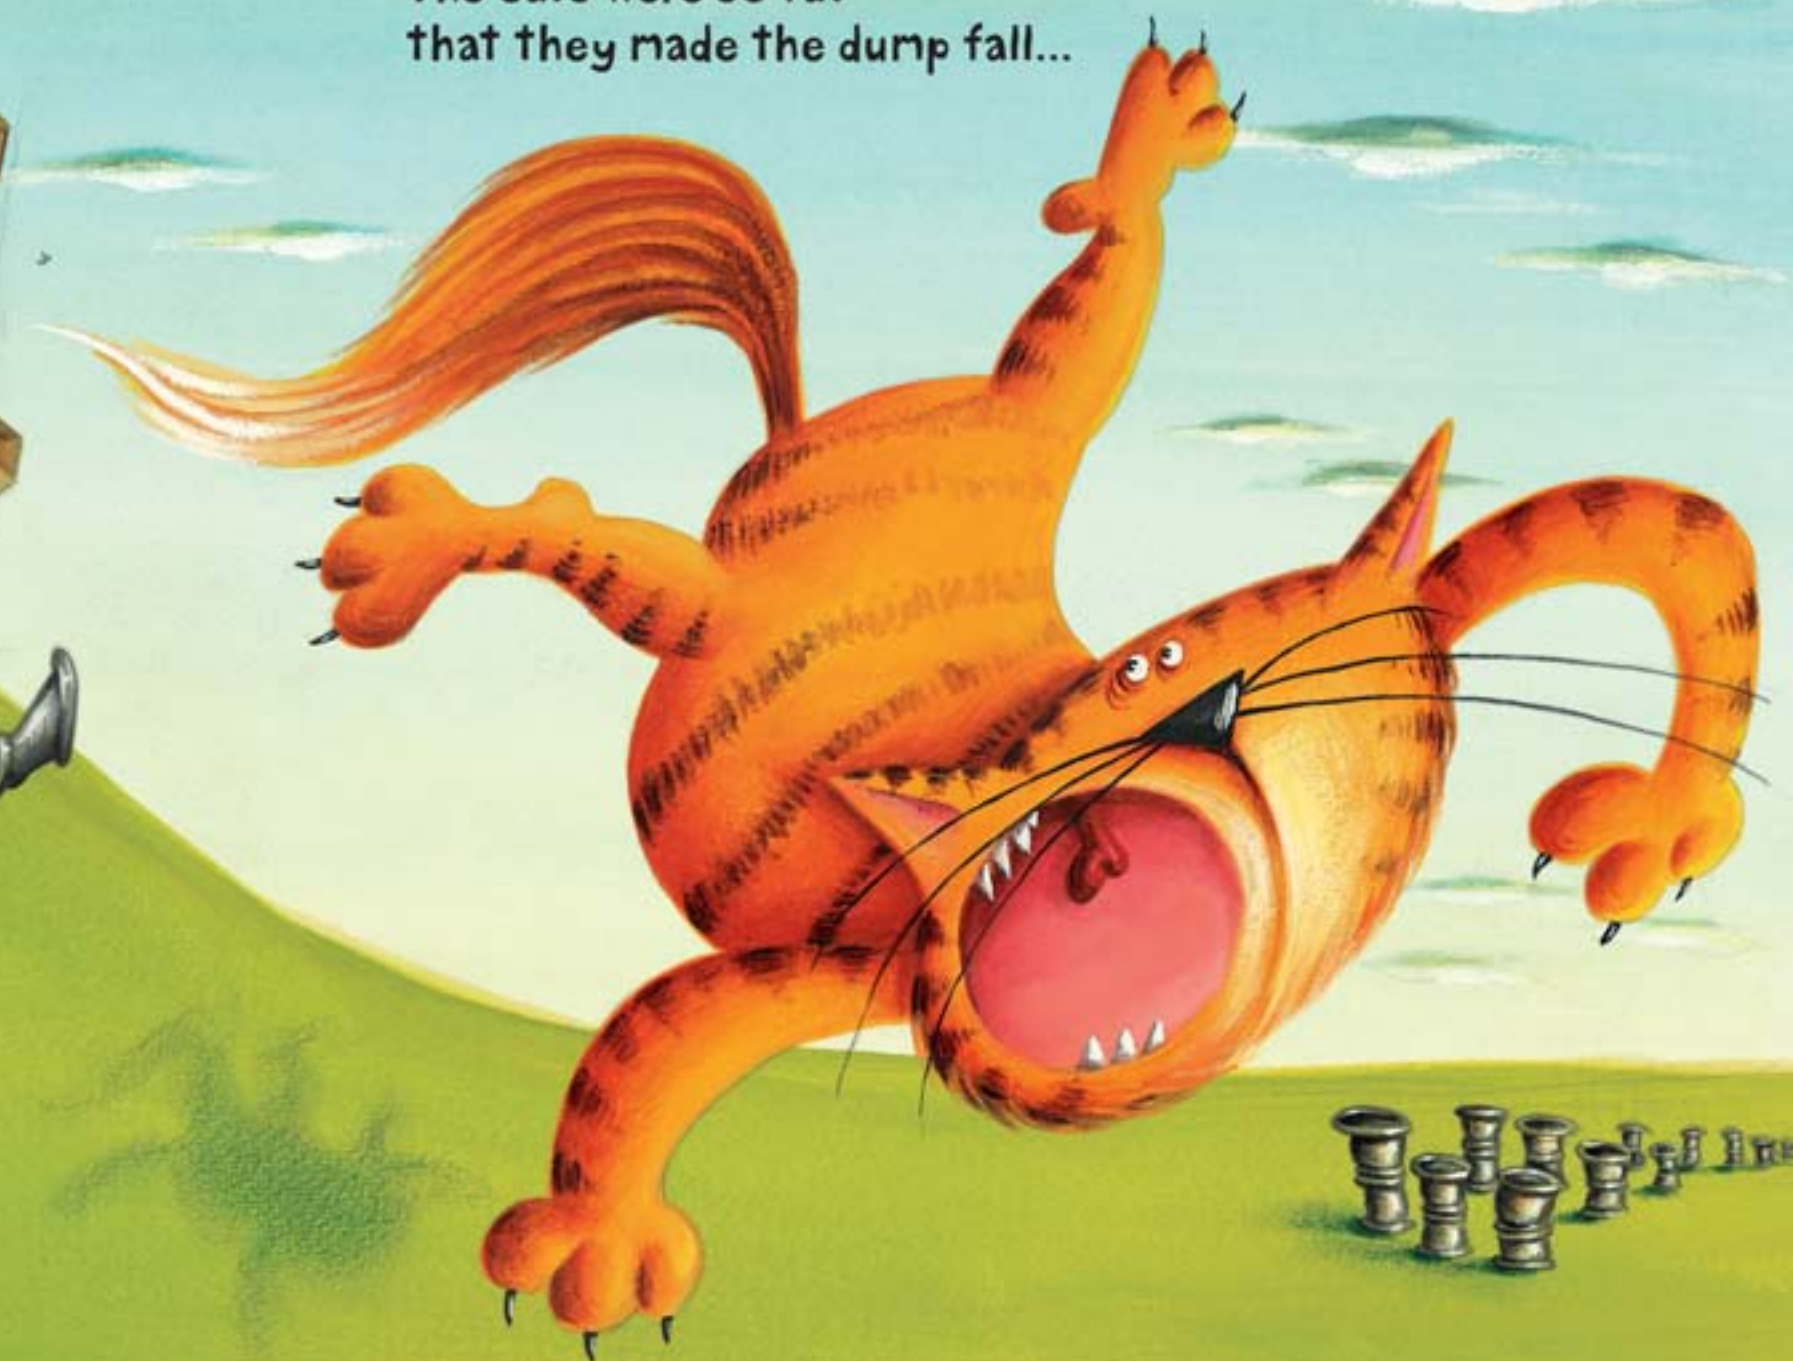

His house was a rubbish dump,  
full of old stuff,  
that was rotting and mouldy  
and smelly enough  
to make your eyes water  
(the pong was so **strong**)  
but Doug didn't think  
he'd done anything wrong.

And his only real friends,  
were a hundred odd rats  
(except for two lazy  
and fat tabby cats).

The cats were so fat  
that they made the dump fall...

And then to the joy  
of the hundred odd rats,  
Doug even got rid of  
**his two tabby cats!**
