“Here, Your Highness!” replied the guard, as the cook and his assistant proudly carried in her special jelly.

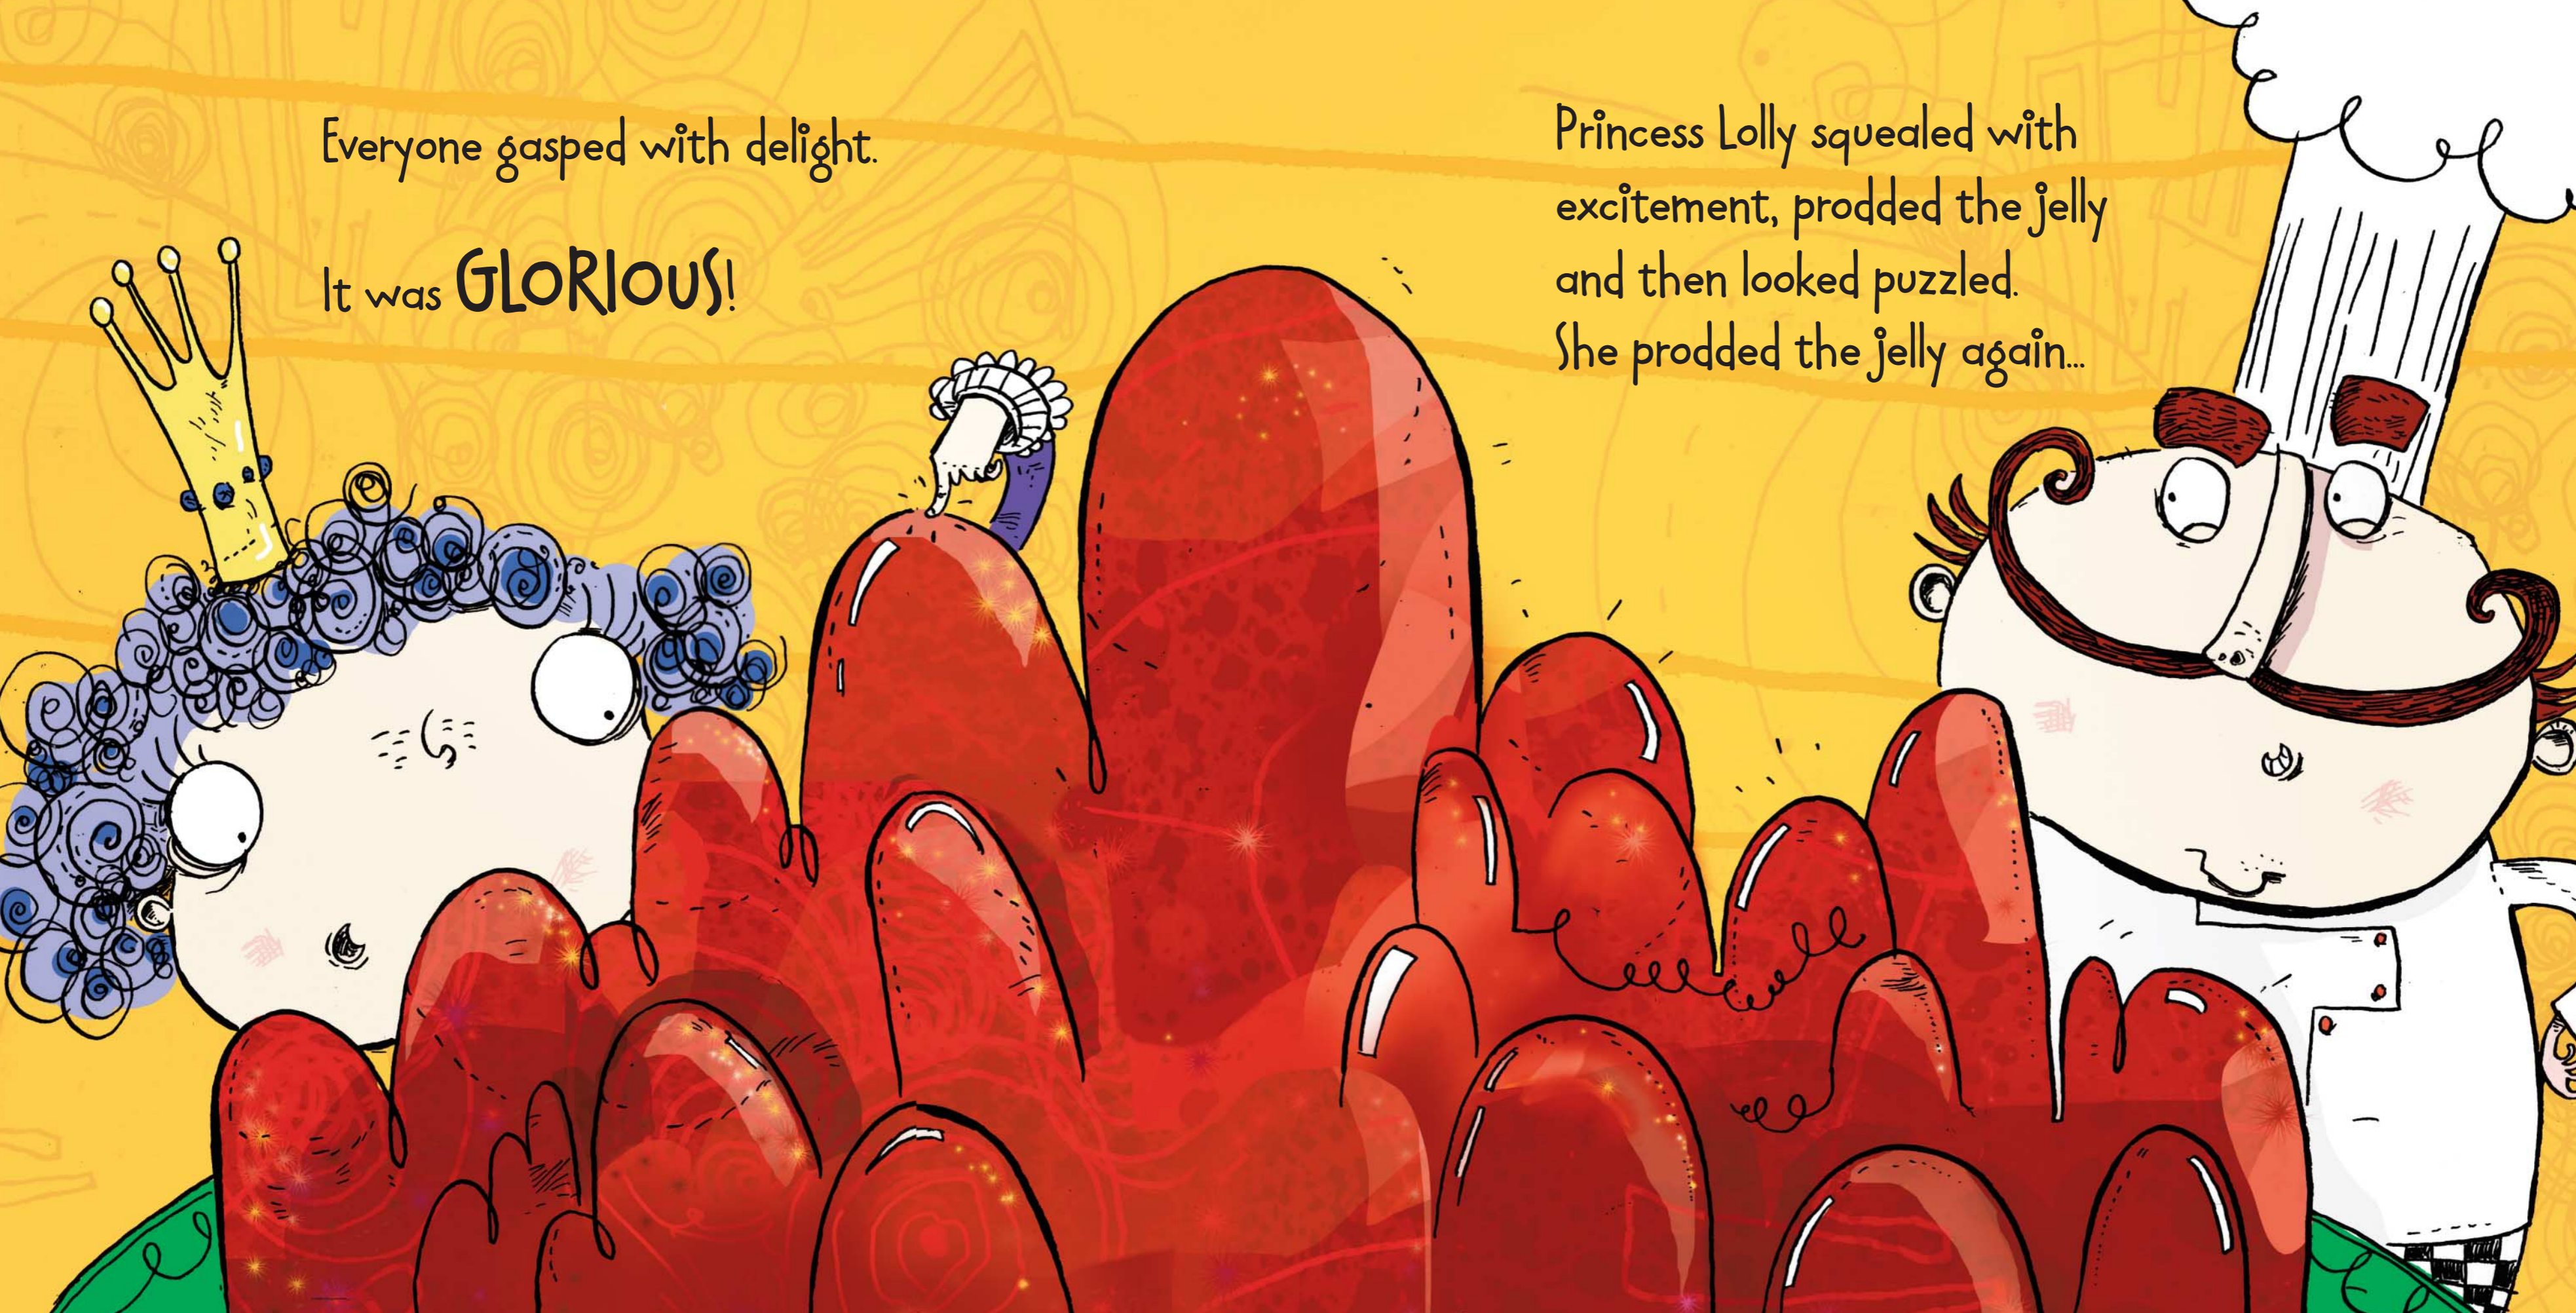

Princess Lolly wriggled impatiently on her throne. It was her 89th birthday party.

“Where’s my special jelly?” she asked.

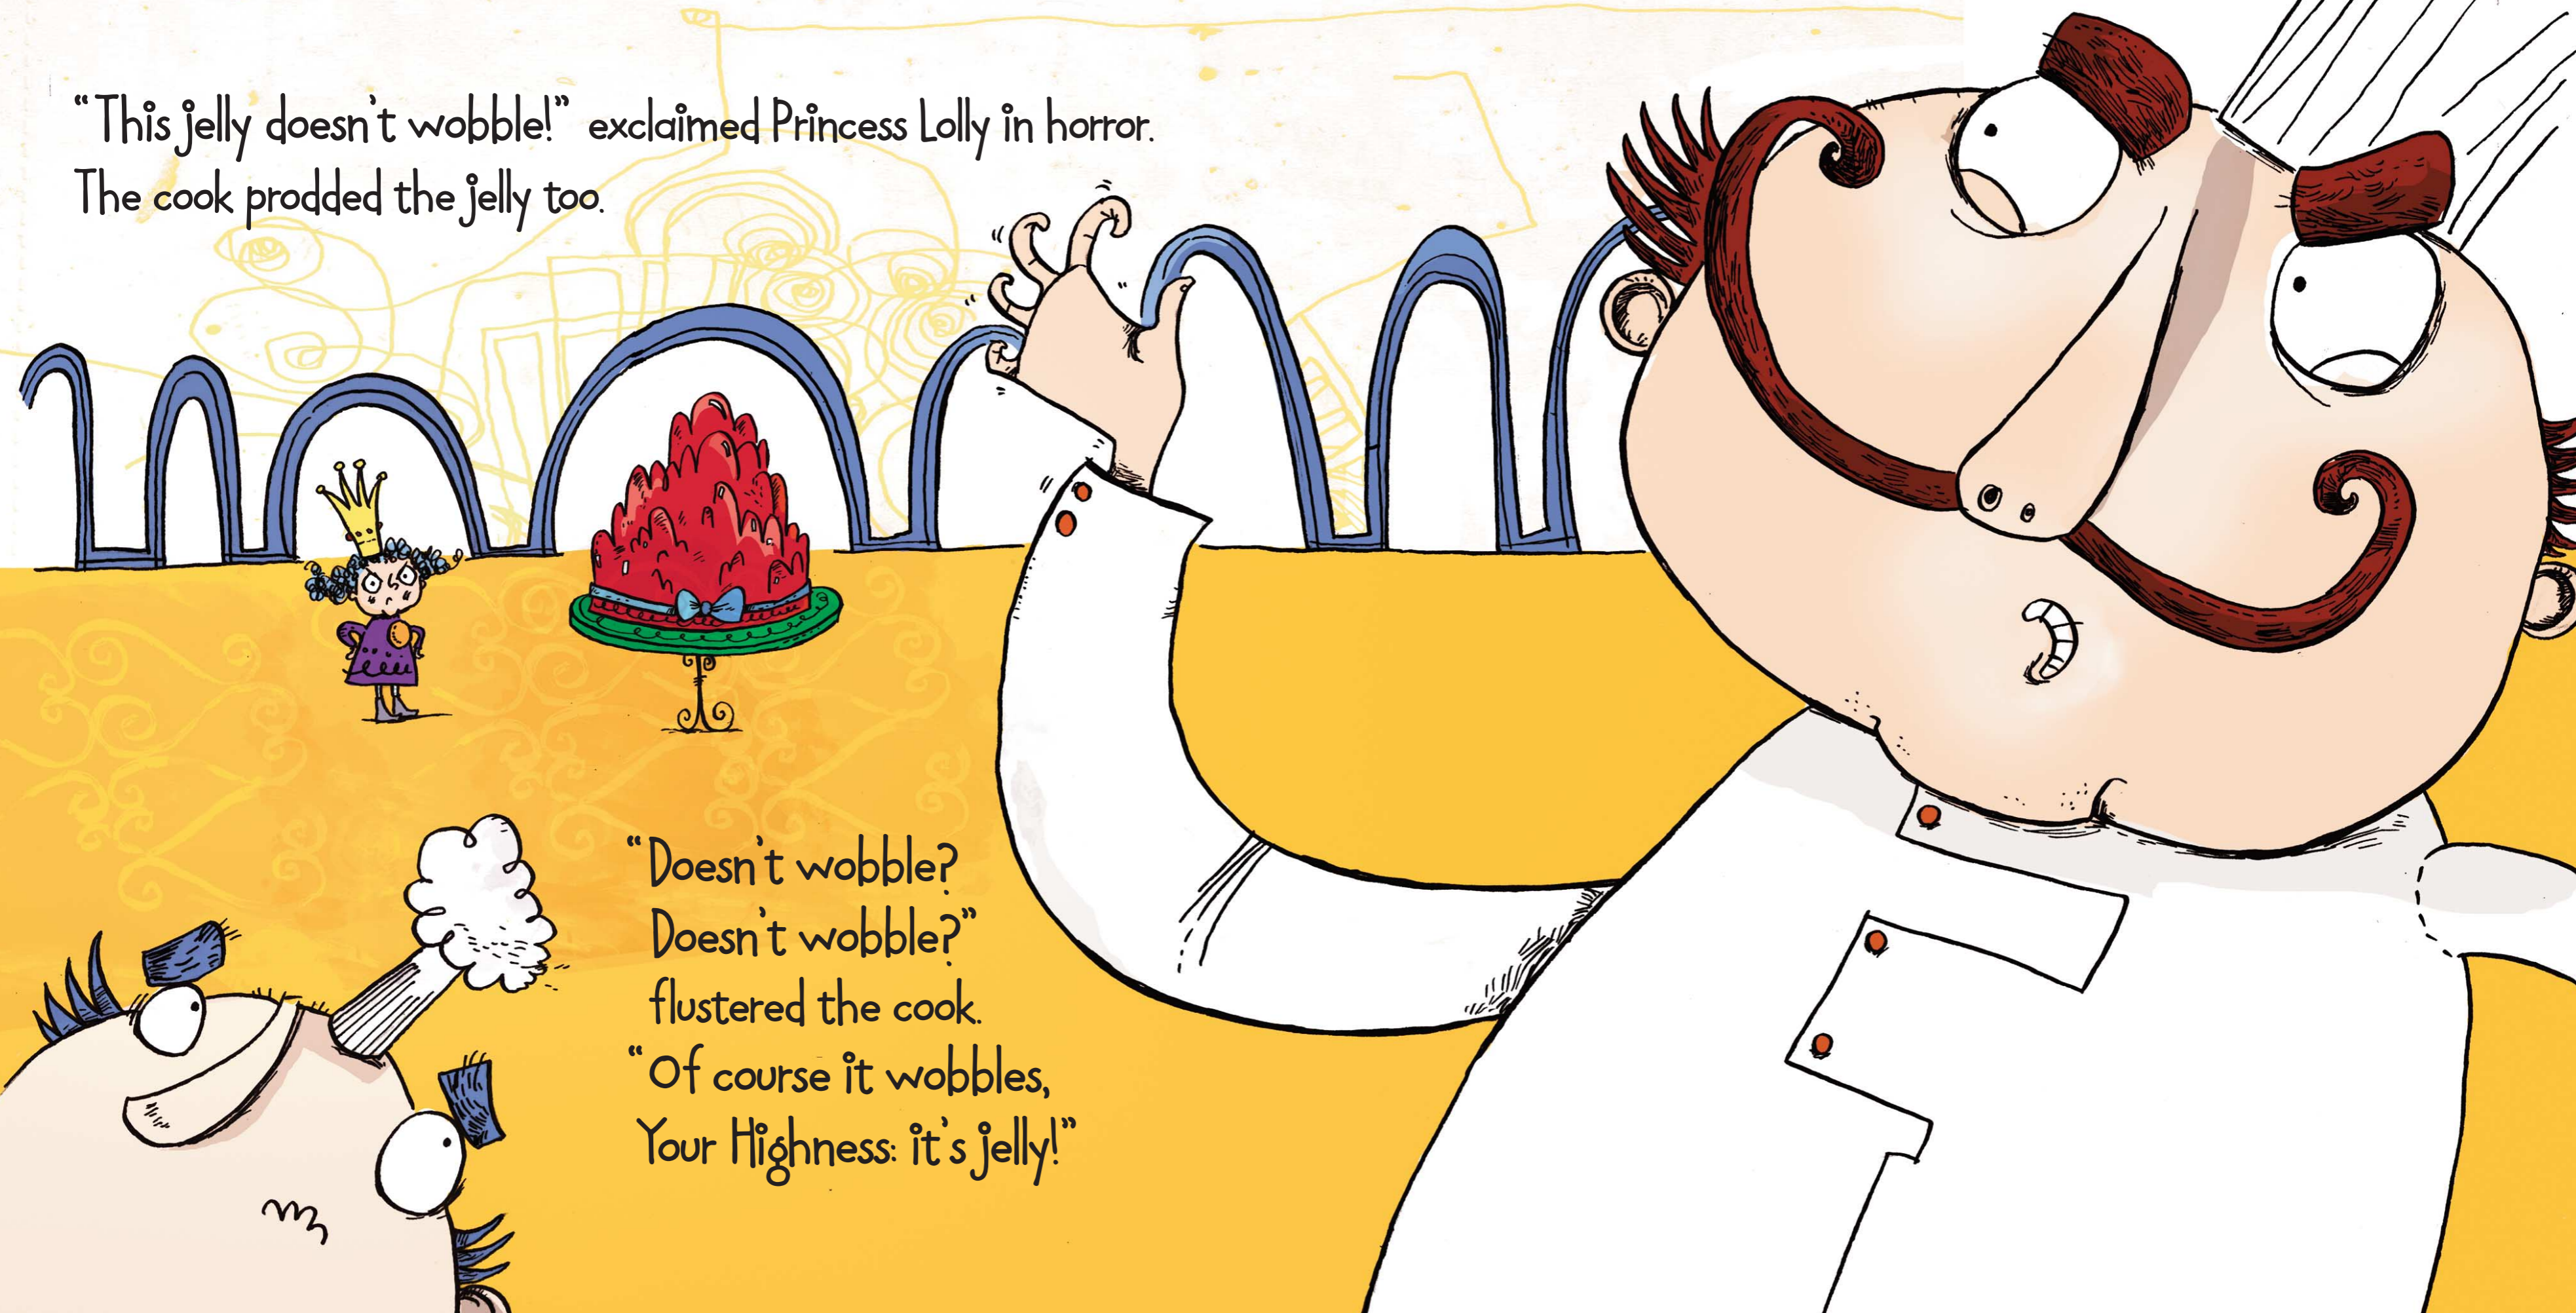

Everyone gasped with delight.

It was **GLORIOUS!**

Princess Lolly squealed with excitement, prodded the jelly and then looked puzzled. She prodded the jelly again...

"This jelly doesn't wobble!" exclaimed Princess Lolly in horror.
The cook prodded the jelly too.

"Doesn't wobble?
Doesn't wobble?"
flustered the cook.
"Of course it wobbles,
Your Highness: it's jelly!"
