He's sharp of tooth
And sharp of claw,
Fleet of foot
And loud of . . .

- 1) Remove roar
- 2) Cover claws

SHARK

The Great White Shark
Has many teeth,
Ten numerous in count.

And then it's permanent.)

Or sharp-tempered
sharks.

BEAR

The bear can be grizzly, brown, black or white,
And when angered he makes a formidable sight.
He can survive in forests, up mountains, on snow,
There are very few places a bear CANNOT go!

I think bears are
UN-BEARABLE,

Eeek..Bears!

WASP

The first you hear
When wasps are near
Is a buzzing in your ear.
The second thing
Is when they sting.
